### BOVRIL AT THE FRONT.

Bovril has played such a conspicuous part in South Africa that it forms no inconsiderable feature of the story. The "Lancet" has had frequent references to Bovril in the reports of the officers of the Royal Army Medical Corps. Nearly every newspaper correspondent has had to refer to Bovril to make his story complete. Rudyard Kipling and Baden-Powell have written their Bovril stories. Over 500 British hospitals and similar public institutions use and prescribe Bovril, not beef tea, but Bovril.

The reason is not far to seek. Bovril is a nourisher as well as a stimulant. It contains the albumen and fibrine, the sustaining properties of the beef. It is this fact, together with its absolute purity, that commends Bovril to physicians and scientists, and proves in practice what it demonstrates in analysis. [C]

## THE NEW FRENCH REMEDY

## TRADE THERAPION MARK

This successful and highly popular remedy, used in the Continental Hospitals by Ricard, Rotin, Jobert, Valpey and others, combines all the desiderata to be sought in a medicine of the kind, and surpasses everything hitherto employed.

**THERAPION No. 1** is a remarkable remedy for the treatment of all diseases of the urinary organs, especially suppurative cystitis, haematuria, and all diseases for which it has been too much a fashion to employ mercury, arsenic, etc. It directs the action of the lower bowels, cough, bronchitis, asthma, and some of the most trying complaints of this kind. It will be found astonishingly efficacious, affording prompt relief where other well-tried remedies have been powerless.

**THERAPION No. 2** is a remedy for the treatment of the blood, purifying it, and removing all impurities, and all diseases for which it has been too much a fashion to employ mercury, arsenic, etc. It directs the action of the lower bowels, cough, bronchitis, asthma, and some of the most trying complaints of this kind. It will be found astonishingly efficacious, affording prompt relief where other well-tried remedies have been powerless.

**THERAPION No. 3** is a remedy for the treatment of the blood, purifying it, and removing all impurities, and all diseases for which it has been too much a fashion to employ mercury, arsenic, etc. It directs the action of the lower bowels, cough, bronchitis, asthma, and some of the most trying complaints of this kind. It will be found astonishingly efficacious, affording prompt relief where other well-tried remedies have been powerless.

**THERAPION** is sold by the principal Merchants throughout the world. Price in England 2/6 and 4/6. In ordering, state which of the three numbers is required, and enclose above Trade Mark, which is a facsimile of "THERAPION" as it appears on the British Government Stamp (in white letters on a red ground) affixed to every package by order of His Majesty's Hon. ## IT IS DIFFERENT NOW.

Once upon a time students of medicine held the notion that there were as many different diseases as the body has organs and parts; every one of these ailments requiring a different treatment. So stupid a mistake could lead only to miserable failures. For the fact is, the body is a single machine; and what concerns one part of it concerns, more or less closely, all the rest. Thus we see how it happens that one remedy, or mode of treatment, may relieve and cure a variety of complaints—or what may appear like a variety, but are really various forms or out-comings of the same cause. Take, for example, Anemia, Scorfula, Poverty of Blood, General Debility, Influenza, Throat, and Lung Diseases, etc.—a formidable array indeed they look to be; yet

**WAMPOL'S PREPARATION** quickly abates the worst of such cases, and absolutely cures many which have been abandoned as hopeless. The reasons are: its power over the digestive and assimilating process, its action in expelling impurities from the blood, and its consequent ability to vitalize and rebuild the whole structure. It is palatable as honey and contains the nutritive and curative properties of Pure Cod Liver Oil, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry. It was not dreamed out, or discovered by accident; it was studied out, on the solid principles of applied medical science. It is precisely what it is said to be, and has won the confidence of the public on that basis.

You may resort to it with a faith and hope that arise from the history of what it has done for others. Dr. Thos. Hunt Stucky says: "The continued use of it in my practice, convinces me that it is the most palatable, least nauseating, and best preparation now on the market. Every dose effective. 'You cannot be disappointed in it.' Sold by chemists here and throughout the world and A. S. Watson & Co., Limited.

## THE SANITARY BOARD.

In our editorial comment of the 7th inst. we pointed out that the full complement of members had not been appointed to the Sanitary Board under the new Public Health and Buildings Ordinance. There remained the nominees of the ratepayers of the Colony to be so appointed. In the issue of the *Government Gazette* to hand this morning, it is pleasing to note that, by command of His Excellency the Governor, an election by the ratepayers of two members to the Sanitary Board will take place at the City Hall on Thursday, the 2nd day of April, 1903, commencing at 4 o'clock. The persons entitled to vote at the election are: (a) Ratepayers who are included in the Special and Common Jury Lists for the year 1903; (b) Ratepayers who are exempted from serving on juries on account of their professional avocations. In schedule C to the Ordinance are set out the rules governing the procedure regarding the election, and in accordance with these rules the forthcoming election will be conducted. It might be stated that the procedure laid down in the new law does not differ from that adopted on previous occasions with which ratepayers are already familiar. Voting will commence immediately after the nominations and continue until 6 p.m., of the day of the election, when the ballot-box will be closed. We have not yet been able to ascertain who are the probable members of the community, if any, that will offer themselves for appointment to the advisory board of Government in affairs relating to the public health and sanitation of the Colony. In presence, however, of the fact of the intelligent interest displayed by Mr. Ahmet Rumjahn, in his representations to Government and his communications to the public press, with critical observations on the provisions of the Building Consolidation Bill, which has now become law in the amended form, it might not at all be unlikely if we hear later on of this gentleman's name in connection with the proposed membership. Mr. Rumjahn enjoys, as is well known in the Colony, a large constituency among certain land-owning sections of Hongkong whose interests he has undoubtedly well served, and it is quite within the bounds of possibility that this constituency should seek the election of a *persona grata* on a Board admittedly the least popular in the Colony so far as landlords are concerned.

PREVENTION OF OVER-  
CROWDING.

The action of the Government to protect the public health of the Colony by the prevention of overcrowding among other measures is very commendable. By notification appearing in the *Gazette* of yesterday the enforcement of the provisions of sections 46 and 154 of the Public Health and Buildings Ordinance will be carried out on and after the 1st May within No. 5 Health District of the City of Victoria, which is bounded on the East by Graham Street and Endicott Street, on the West by Sing Wong Street, Gough Street Steps, Queen's Road Central and Wing Sing Street, on the South by Caine Road, and on the North by the Harbour. The former of these sections relates to overcrowding in domestic buildings and defines overcrowding as meaning every domestic building and any part thereof found to be inhabited in excess of a proportion of one adult for every fifty square feet of habitable floor space or superficial area and five hundred and fifty cubic feet of clear and unobstructed internal air space. In the case of cubicles in any domestic building which has a window or windows opening directly into the external air of a total glazed area of not less than one tenth of the floor area of such cubicle, it may be inhabited in the proportion not exceeding one adult for every thirty square feet of habitable floor space or superficial area and four hundred cubic feet of clear and unobstructed internal air space. The provisions of the law in relation to overcrowding in buildings within the European Reservation need not be here set out in detail; since the inhabitants in that

district must be given the credit for possessing sufficient judgment and commonsense to observe the law in this respect. Attention might, however, be called to the occupation by native servants of their quarters in the European Reservation district. A little wholesome supervision might be exercised, by masters over their servants in this matter. The other section of Ordinance No. 1 of 1903, viz., No. 154, the provisions of which will be strictly enforced from the 1st May next has reference to requirements as to cubicles in existing buildings. Owners of tenement houses would do well to give heed to the timely warning given by the Authorities with whom they should co-operate to bring about the observance of the law the enforcement of which is directed towards safeguarding the health of the population of the Colony and its general well-being. Overcrowding has been shown to be one of the most fruitful causes in the propagation of contagious or infectious diseases.

ANOTHER wanton act of vandalism has been committed at Hampton Court Palace. It has just been discovered that one of the tapestries in the Horn Room, adjoining the Great Hall, has been considerably damaged by a knife or other instrument. The damaged tapestry is the centre one of three old Flemish pieces, enclosed within an old carved oak railing. It is slashed in the foreground, and the cut, very clean and of semi-circular shape, is some six inches in extent, completely penetrating the tapestry. In December last, two valuable paintings, by Holbein and Kneller, were damaged in a similar fashion.

## AT THE THEATRE.

## "A VILLAGE PRIEST."

Atmospheric conditions are now proving anything but friendly to the Brough Company, and last night the house was not up to the standard that has hitherto been maintained during the lengthy period they have been with us. Even the Brough Company, fine as they undoubtedly are, must fail to get big houses when the theatre temperature can give some degrees and a beating to the "hot room" of a Turkish bath. We had closed our ears to the man sitting on our left who was persisting in discussing family affairs in an audible voice, and after the first act absolutely refused to allow the "refreshment brigade" to annoy us when trooping in during the progress of the play; but why did the Orpheus give us "The Better Land" during an interval? Was not the temperature enough to turn our thoughts away from the world, the flesh and the devil? If not there was Mr. Brough's *Abel Dubois* which is calculated to soften the most hardened sinner. *The Village Priest* is a drama founded on *Le secret de la Terrasse*, and has for its main theme the question of the right of a priest to break the seal of confession under extraordinary circumstances. The *Comte de Tremellan* had been murdered many years previously and *Jean Torquenie* had been condemned to penal servitude by a judge, who was the real murderer, but who was stricken down immediately after the trial and dying, made confession to the *Abel Dubois*. *Torquenie*, with only one more year of imprisonment to serve, escapes for the purpose of seeing his daughter and this brings about the great conflict in the mind of the kindly old *Abel* as to whether he should put aside the vows of his priesthood to save an innocent man, or let him go back to his punishment. He is determined by a miracle, the leaves of his Bible turning of themselves, and leaving the passage relating the call of Samuel exposed, and is prepared to free *Torquenie* from the shame he is bearing, when that much-injured man eventually, prefers to go back to his prison rather than destroy the belief of *Madame D'Arcy*, the widow of the judge in her husband's uprightness, as he, *Torquenie*, finds that she has been sheltering his daughter all the time he has been in prison, although believing him guilty. Mrs. Brough as the *Comtesse de Tremellan* scores another success, and her acting in Act 3, when she is in the grip of remorse for her own sins is superlative, and we think about the finest she has yet given. Those of us who have had the pleasure of seeing Mr. Brough in some of his many studies of "lovable" men need not attend the theatre to know that the part of the good, simple old *Abel* would receive full justice at his hands. Mr. Lovell must pardon us if we think that, even allowing for the fact that we judge from the cold blooded standpoint of the Saxon, his *Jean Torquenie* is slightly overdrawn particularly his pleading in Act 1, in the *Abel's* garden, but his renunciation of liberty, at the fall of the curtain met with general applause. Miss Susie Vaughan as *Madame D'Arcy*, the blind widow of the real murderer, the judge, is at her best as a noble spirited woman with a profound belief in her late husband, and is a proof that lady's versatility as the majority of the characters she has represented in recent plays and comedies have been the very antitheses of this one. In the character of *Marguerite de Tremellan*, Miss

Brenda Gibson considerably enhances her already glowing reputation amongst local theatre-goers, and Mr. Ernest Vere is very fine as *Armand D'Arcy*, the judge's son, who is determined to see justice done even at the sacrifice of his deceased father's reputation and his mother's peace of mind, whilst the *Jeanne Torquenie* of Miss Temple and the *Madeline*, the valuable old housekeeper of the *Abel*, of Miss Gillies Brown are quite worthy of these two ladies. The play is staged splendidly and as it runs to four scenes gives opportunity for some good scenic effects, an opportunity which is taken full advantage of, particularly in the case of the *Abel's* cloister with its "dim, religious light," affording an admirable surrounding for some of Mr. Brough's best efforts. The following is the cast of characters:—

*Abel Dubois*.....Mr. Brough.  
*Jean Torquenie*.....Mr. W. T. Lovell.  
*Armand D'Arcy*.....Mr. Ernest Vere.  
*A. Co. tain of Gendarmes*.....Mr. Orlando Daly.  
*François*.....Mr. Higon.  
*Madame D'Arcy*.....Miss Susie Vaughan.  
*Comtesse de Tremellan*.....Mrs. Brough.  
*Marguerite de Tremellan*.....Miss Brenda Gibson.  
*Jeanne Torquenie*.....Miss Temple.  
*Madeline*.....Miss Gillies Brown.

## THE BROUGH'S FAREWELL.

When we went to press last night it was quite decided that the *Sachsen* should leave here for Shanghai on Thursday next, thus enabling Mr. Brough to give his last performance on Wednesday night. Later in the evening, however, Messrs. Melchers & Co. received a cable from Singapore stating that the *Sachsen* would reach Hongkong at 5 a.m. on Wednesday and leave the same day for Shanghai. Another rearrangement was consequently compulsory and elsewhere it is notified that the Brough season will positively close on Tuesday night. This evening *Facing the Music* will be the attraction; on Monday *The Tyranny of Tears* will receive its first and only representation, and on Tuesday, by universal desire, *Are you a Mason?* will bring the season to a close. Mr. Brough is extremely sorry to cause such inconvenience to his patrons but the matter is completely out of his power, and he must be guided altogether by the arrangements decided upon by the steamer's agents.

The following notification appears in the *Government Gazette*, of yesterday's date:—His Excellency the Governor has been pleased to appoint Gershom Stewart, provisionally and subject to the approval of His Majesty the King, to be an Unofficial Member of the Legislative Council with effect from the 10th instant, during the absence on leave of the Honourable Charles Stewart Sharp or until further notice.

## INLAND LOT NO. 2.

It is interesting to note that the particulars and conditions of the letting by public auction sale of one lot of Crown Land on the south side and near the crest of the Kowloon range of hills, New Kowloon, for a term of 75 years are published. The area of the lot is 6,400 square feet, each of the boundaries being 80 feet in measurement. The annual rent is fixed at \$14, and the upset price is \$138. The purchaser of the lot will be required to build and finish, fit for occupation, before the expiration of 18 calendar months from the date of sale, one or more good and permanent messuages or tenement upon the land, and expend not less than \$1,000 in rateable improvements thereon.

THE GREEN ISLAND CEMENT  
COMPANY, LIMITED.

The report for presentation to the shareholders at the fourteenth ordinary general meeting to be held at the office of the general managers on Saturday, 21st inst., is as follows:—

Annexed we have the pleasure to lay before shareholders a statement of accounts for the year ending 31st December, 1902.

The net profit, including the amount brought forward from the previous year, amounts to \$147,676.74 which is proposed to deal with as follows, viz:—

To place to reserve fund.....\$ 2,000.00  
To pay a dividend of 12 per cent.....12,000.00  
To carry forward to next year's account.....25,676.74

Sales during the year show a steady increase and the above result is very satisfactory although the production of finished cement has been hampered by the difficulty of obtaining supplies of raw material sufficient to keep pace with the increasing consumption.

Work at Deepwater Bay, suffered greatly from sickness and strikes amongst the coolies, and much damage and loss of stock was caused by a heavy rain storm in the month of June, and later on by typhoons. The demand for the company's bricks, tiles and pipes is, however, increasing, and further additions and extensions are now in progress, which will improve the efficiency of the factory and reduce the cost of manufacture.

Consulting Committee.—In accordance with the Articles of Association, the Hon. Sir Paul Chater, C.M.G., the Hon. G. W. Dickson, Mr. C. E. Evans and Dr. J. W. Noble retire, but being eligible, offer themselves for re-election.

Auditors.—The accounts have been audited by Messrs. T. Arnold and W. H. Potts, who are recommended for re-election.

## U. S. Navy to be increased.

NEW YORK, March 7th.  
The appropriation of the late Congress for naval enlargement will reach further than was at first expected. The bill which was passed authorizes an appropriation which will be sufficient to build five new battleships, and the work on them will be begun at once. In its original form the bill provided for three battleships of extraordinary strength and for two cruisers of unusual speed. This was afterwards changed to four battleships, and at the last moment by the efforts of the administration forces, the number increased to five. This is regarded as a great victory for the President's policy of naval preparedness.

## COTTAM &amp; CO. FOR GENTS' BATHING GEAR.

## THE KENNEDY TOWN SEIZURE.

ARMS CONFISCATED.

The two men arrested in connection with the seizure of arms at Kennedy Town were tried this morning before Mr. J. H. Kemp. Mr. M. D. Stephens defended and Inspector Withers prosecuted on behalf of the Police.

Sergeant O'Sullivan stated that on information supplied he paid a visit to No. 37, Praya, Kennedy Town, seized the arms in question, and discovered that the owners were living in No. 51, Wing On Street, where they were carrying on business as marine store dealers. One of the defendants went with him to the godown and he showed him the arms. He did not make any attempt to conceal them.

For the defence, Mr. Stephens stated that the arms when seized were among a lot of other old iron, and his client did not know that he was contravening the Arms Ordinance. He used them as old iron, and among the guns were old metal bolts, plates, pipes, boilers and tanks. They originally came from Manila, and were sold to his client as old iron.

His client estimated that the weight of the arms was 100 piculs, and cost \$1.50 per picul. Besides those seized there were some more in the godown, and when his client bought them, he wanted to sell them as old iron and had no intention of cleaning them up and using them again. They had been in the godown since January, and no attempt had been made to remove them. In the event of not being able to sell them he wanted to break them up as old iron.

Mr. Kemp said that he had no power to order them to be broken up, and ordered the arms to be confiscated, and fined the defendant \$25.

The second defendant, who was the caretaker of the godown, was discharged.

Mr. Kemp pointed out to Mr. Stephens that should his client want to get back the arms, he would have to apply to the proper officials and through the proper channel.

## OUR TIENTSIN NOTES.

[We do not necessarily endorse the opinions expressed by Correspondents in this column.]

TO THE EDITOR OF THE "HONGKONG TELEGRAPH."

SIR,—Regarding the rumoured overthrow of the Emperor, Kwang Shu, and seeing certain statements in your paper, under the heading of "Tientsin Notes," I have made inquiries and find that the current talk about reform is to the effect that the real ruler at present in China is Yung Lu. In Peking there is a report, which is seriously taken among Chinese there, that something will happen to the Emperor before long, and that the Empress Dowager will then retire, and the Emperor's brother, Prince Chun, Yung Lu's son-in-law, will be made the nominal Emperor, with Yung Lu in possession of all the power. A more probable prediction is that if Prince Chun has a son, that son will be made Emperor, with his grandfather, Yung Lu, as his guardian. At present, all over China, the people are in favour of Emperor Kwang Shu reigning.—Yours &c.,

X.Y.Z.

## THE COLLISION ON THE YANGTZE.

## THE CUSTOMS ADMINISTRATION.

The C. N. S. *Nankin*, which was badly damaged in a collision with the C. N. S. *Wenchow* above Wade Island, during a snowstorm, arrived at Shanghai on 6th instant. The bows of the *Wenchow* struck the *Nankin* on the port quarter and have penetrated some ten feet, leaving a gash about eight feet in width. The opening is mainly above the water line, but goes some two feet below, and the cargo in the hold was damaged. The greater part of the damage is on the main deck but the upper deck also suffered as the bows of the *Wenchow* penetrated the saloon companion.

## THE CUSTOMS ADMINISTRATION.

## TODAY'S INTELLIGENCE.

According to a London wire, of 14th ult., published in Australian journals, it is reported that Lord Lansdowne, the British Minister for Foreign Affairs, yielding to Russian pressure, consents to an international commission administering the Chinese Imperial Maritime Customs upon the retirement of Sir Robert Hart, who has been in control since 1863.

## Commercial.

The *Lyra* is reported to be a profitable undertaking for the Company. PUNJONS, ordinary, were done at \$2.75 and \$2.85. RAUBS have buyers at \$7.1; a private telegram from Singapore states that during the last four weeks, 5,722 tons of ore were crushed for a yield of 1,491 ounces of smelted gold. GREEN ISLANDS are weaker at \$22.75, sellers. PROVIDENTS sold up to \$9.25 and are steady. CHINA BORNOS, new company shares are quoted at \$7, the equivalent of \$11 for an old share. ## COTTAM &amp; CO. FOR WASHING BOW TIES.

## WEEKLY SHARE REPORT.

Messrs. Benjamin, Kelly and Potts in their report dated 13th inst., state as follows:—

During the week under review, business has slackened off, but with the exception of China Sugars, Sumatras, and Langkats, rates otherwise have undergone no material change.

The Green Island Cement Company, Limited, has advertised its fourteenth ordinary annual meeting for the 21st March. The transfer books will be closed from the 17th to 21st instant, both days inclusive.

Banks—Hongkong and Shanghai Banks have changed hands at \$690 and close firm at the rate. The London quotation is £62. There is nothing doing in Nationals.

Marine Insurances.—Unions continue to improve, and are now in demand at \$530, China Traders have been placed at \$58 and \$59, and there are further buyers at the higher rate. North-Chinas have been bought at Tls. 195 and Tls. 200, at which latter price more shares are wanted. Yangtzes and Cantons are inquired for at quotations.

Fire Insurances.—Hongkong Fires remain unchanged with buyers at \$305. China Fires are wanted at \$81.

Shipping.—Hongkong, Canton and Macao Steamboats have been dealt in to some extent at \$364 and \$367. Indo-Chinas hardened in the earlier part of the week and sales at \$112 were reported, but the improvement was only temporary and the market soon receded, rather abruptly, to \$108, at which rate shares are obtainable. Further transactions in Douglas Steamships have taken place at \$43. China and Manilas have again been disposed of at \$27. Star Ferries have further advanced and can be placed at \$268 and \$24 for the old and new shares respectively. Shanghai Tugs have risen to Tls. 330, being a gain of 20 points on last quotation. Cargo Boats have also appreciated in value and are in request at Tls. 165. Taku Tugs having paid their final dividend of Tls. 24 per share we now quote the stock at Tls. 50.

Refineries.—China Sugars have considerably improved and sales at rates ranging between \$101 and \$111 have been effected, but at the close are weaker with sellers at \$110. Luzons are entirely out of favour at the moment.

Mining.—Punjoms have gone down to \$22 at which rate small business has been done and further shares are in demand. Raubs are firm at \$74. A private telegram from the South states that during the month, 5,722 tons of ore were crushed at the Mines for a yield of 1,494 ounces of smelted gold. Jelebus have found buyers at 90 cents. Chinese Engineerings have been sold in Shanghai at Tls. 8.

Docks, Wharves, and Godowns.—Hongkong and Whampoa Docks have been negotiated and are still asked for at \$205. There is no change in Farnhams. Kowloon Wharfs have been booked at \$24, ex the dividend of \$24 paid to-day. New Amoy Docks have changed hands and are in further request at \$39. Hong Kong Wharfs are offering in Shanghai at Tls. 3124. Yangtze Wharfs are wanted at Tls. 194 ex the dividend of Tls. 6 paid in Shanghai to-day.

Lands, Hotels and Buildings.—Hongkong Lands have been sold at \$176. Hongkong Hotels have been taken off the market at \$137 ex the dividend of \$6 payable to-morrow, and more shares can be placed at this figure. Orient Hotels have been done at \$30 and \$27 and shares are still wanted at the latter quotation. Astor House Hotels (Shanghai) are firmer and have inquiries at \$30. Humphreys Estates have changed ownership and are still wanted at \$113. China Providents after sales at \$9 are inquired for at \$9.10.

Cotton Mills.—We have heard of no business in stocks under this heading. Cigar Companies.—Sumatras have experienced a substantial rise, and have been fixed at Tls. 612 and Tls. 65. The Company paid an interim dividend of Tls. 2 per share on the 7th August last and it is now proposed to pay a final dividend of Tls. 2.60 making Tls. 4.60 per share for the year. Philippine Tobaccos have found purchasers at \$30.

Miscellaneous.—Green Island Cements have been done to a large extent at \$22 and \$23, and close with buyers at the former rate. A. S. Watsons have changed hands at \$14. Electrics (old issue) have been dealt in at \$14; the new shares are in request at \$6.85. Geo. Fenwicks are quoted at \$16 ex the dividend of \$3.75 paid on the 10th instant. China Bakeries have been sold, and are still wanted at \$10. A small lot of Campbell Moores have been disposed of at \$40. Langkats, after sales at Tls. 280, have jumped to Tls. 355, and are in demand at this price. There appears to be solid foundation for the boom that has set in, as according to the report of the Shanghai-Langkato Tobacco Company, the working account shows a credit of Tls. 560,657.45 which added to the amount brought forward from last year's accounts brings the balance of Profit and Loss Account up to Tls. 912,834.90. Out of this, 20 per cent. in dividends, amounting to Tls. 24,000, was paid during the year. The balance of Tls. 672,834.90 has been transferred to the Maatschappij &c. in Langkat.

## FORTNIGHTLY MARKET REPORT.

Opium Persian.—High prices of Bengal Opium induced dealers to purchase this stuff, and prices show an improvement on last mail. Sales of about 250 chests are reported at \$770 to \$850 per picul. The unsold stock is estimated at about 2,500 chests.

## YARN MARKET REPORT.

In their fortnightly report dated 13th inst., Messrs. Cawajee Paltanee & Co write:—  
Since the issue of our last circular dated the 27th ultimo, our Yarn Market has ruled very firm, continued favourable news from the interior of the consuming districts, advices of an excited market and advancing rates in India, combined with a brisk local and speculative demand, have had the effect of further strengthening our market, which now closes very firm with an advance in rates from fifty cents to two dollars per bale on last mail's prices; business reported during the fortnight being very considerable, both for "Spot" as well as for "To arrive." No sales are reported in No. 62, No. 82 are in small request at last mail's quotations. A brisk inquiry for No. 102 has been experienced throughout the whole of the fortnight, and several selected and favourite threads have been taken up at an advance of about \$1 per bale, and a most satisfactory business has been transacting with considerable settlements both for spot and to arrive. The prices of Nos. 125 and 165 have remained steady with a slight variation on previous quotations. Owing to greater demand, firmness of holders, and the subsequent scarceness of suitable threads of No. 205, prices of such qualities have advanced from fifty cents to a dollar per bale. Sales during the past fortnight comprise about 50 bales of No. 85—8,200 bales of No. 105, 1,160 bales of No. 125—750 bales of No. 165—and 3,550 bales of No. 205, in all about 13,800 bales. Arrivals per steamers *Suisan*, *Asia*, *Ararat*, *Apar*, and *Laiang* total about 8,500 bales. Shipments to Shanghai and Coast Ports about 1,500 bales. The unsold stock is estimated at about 10,000 bales.

Local Production.—Sales of about 7,000 bales of No. 105 at \$103 @ \$104 per bale are reported.

Japanese Yarn.—About 250 bales of No. 205, changed hands at \$124 @ \$132 per bale. Exchange:—We quote to-day on India at Rs. 118 1/2. London at 1s 7d.

## SHIPPING AND FREIGHT.

A large volume of business has been transacted during the past week at improved rates. From Saigon to Hongkong, 20 cents per picul was the recent quotation, but the market is somewhat weaker at the close, a large carrier having been fixed as low as 16 cents. Saigon to one port Philippines, 35 cents is the last quotation, and more tonnage is wanted. Newchwang to Canton, 32 cents per picul. Wuhu to Canton, 32 cand. per picul last.
